Facts:

- Neuroscience2025, under the theme of "A future projection of neuroscience as envisioned in the mind", provides a unique forum for researchers and members from all over the world who are contributing to the frontiers of neuroscience to gather in Niigata, and to create an opportunity to break barriers and make a better future in neuroscience research.
- English is an official language used at all sessions. We expect approximately 3,000 participants, including 500 people from overseas.
- Neuroscience2025 promotes interaction with relevant professional neuroscience societies in neighboring Asia-Pacific countries, the United States and Europe by organizing joint symposia and having a financial assistance program to cover travel costs.
- Neuroscience2025 aims at fostering young scientists and promoting collaboration across the globe and various scientific fields including clinical neuroscience.
- The Meeting will be held at Niigata Convention Center, TOKI MESSE (<https://www.tokimesse.com/english/>).

Benefits:

- ✓ Travel Award winners will receive a partial support for travel expenses including accommodation fee (190,000 JPY). Awardees are expected to make their own travel and accommodation arrangements.
- ✓ The meeting registration fee is waived.
- ✓ Travel Award winners are invited to the International Exchange Meeting for Young Researchers and a get-together party on the day before Neuroscience2025 to facilitate interaction among young researchers from abroad and Japan.
- ✓ Travel Award winners are also invited to a reception during Neuroscience2025 (if held).

Conditions:

- Recipients will receive the award at the meeting venue in Japanese yen.
- "The International Exchange Meeting for Young Researchers" is a mandatory event.
- This meeting will be held on July 23 at around 17 o'clock. So please make sure to have sufficient time to travel from the airport to the venue.
- Persons who do not attend Neuroscience2025 and do not make a presentation will have their award revoked.
